Silver Butte Company
Notes to Financial Statements - Unaudited

1. Basis of Presentation

The financial statements of Silver Butte Company (“the Company”) included herein have been prepared without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Although certain information normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted, the Company believes that the disclosures are adequate to make the information presented not misleading. These financial statements should be read in conjunction with the financial statements and notes thereto for the fiscal year ended August 31, 2005, included in the Company’s Form 10-KSB.

The financial statements included herein reflect all normal recurring adjustments that, in the opinion of management, are necessary for a fair presentation. The results for interim periods are not necessarily indicative of trends or of results to be expected for the full year ended August 31, 2006.

2. Description of Business

Silver Butte Company is a Nevada corporation, and the successor of Silver Butte Mining Company, an Idaho corporation that was incorporated on January 19, 1965. The Company was originally organized to explore, acquire and develop mineral properties and rights primarily in Idaho. However, the Company’s exploration activities never developed any commercial ore deposits. During prior years, the Company made a strategic decision to abandon or sell its mineral properties and rights, and favorably position itself to seek other profitable business opportunities.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

General

This Form 10-QSB contains forward-looking statements. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance and underlying assumptions that are not statements of historical facts. This document and any other written or oral statements made by us or on our behalf may include forward-looking statements, which reflect our current views with respect to future events and financial performance. The words "believe," "expect," "anticipate," "intends," "estimates," "forecast," "project" and similar expressions identify forward-looking statements. The forward-looking statements in this document are based upon various assumptions, many of which are based on management's discussion and analysis or plan of operations and elsewhere in this report. Although we believe that these assumptions were reasonable when made, these statements are not guarantees of future performance and are subject to certain risks and uncertainties, some of which are beyond our control, and are difficult to predict. Actual results could differ materially from those expressed in forward-looking statements. Readers are cautioned not to place undue reliance on any forward-looking statements, which reflect management's view only as of the date of this report.

Plan of Operation

The Company's purpose is to seek, investigate and, if such investigation warrants, acquire an interest in business opportunities presented to it by persons or firms who, or which, desire to seek the perceived advantages of a publicly registered corporation. The Company will not restrict its search to any specific business, industry, or geographical location and the Company may participate in a business venture of virtually any kind or nature.

The Company may seek a business opportunity with entities which have recently commenced operations, or wish to utilize the public marketplace in order to raise additional capital in order to expand into new products or markets, to develop a new product or service, or for other corporate purposes. The Company may acquire assets and establish wholly-owned subsidiaries in various businesses or acquire existing businesses as subsidiaries. Business opportunities may be available in many different industries and at various stages of development, all of which will make the task of comparative investigation and analysis of such business opportunities extremely difficult and complex.

Management of the Company, while not especially experienced in matters relating to the new business of the Company, will rely primarily upon their own efforts to accomplish the business purposes of the Company. It is not anticipated that any outside consultants or advisors, other than the Company's legal counsel, will be utilized by the Company to effectuate its business purposes described herein.

Effective December 15, 2005, Delaine Hess Gruber resigned as a director of the Company, and Edward C. Wert filled the vacant Board position on March 1, 2006.

Financial Condition and Liquidity

During the six month period ended February 28, 2006, the Company used \$13,176 of cash for operating activities, compared to \$12,903 used for operating activities in the six months ended February 28, 2005. During the six months ended February 28, 2005, the Company received \$3,500 from the sale of 350,000 shares of its common stock resulting from the exercise of warrants, and \$6,000 from the sale of property.

During the six months ended February 28, 2006, the Company had a private placement offering for the sale of 833,884 shares of the Company's common stock at a price of \$0.06 per share. No warrants were granted in connection with this offering. Through February 28, 2006, 516,665 shares had been sold for total proceeds of \$31,000. Proceeds from this offering will be used to finance ongoing operations. Management anticipates that existing cash reserves will provide sufficient operating capital for the next twelve months.

ITEM 3. CONTROLS AND PROCEDURES

An evaluation was performed by the Company's President and Secretary/ Treasurer of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on that evaluation, the President and Secretary/Treasurer concluded that disclosure controls and procedures were effective as of February 28, 2006, in ensuring that all material information required to be filed in this annual report has been made known to them in a timely fashion.

There has been no change in our internal control over financial reporting during the three month period ended February 28, 2006, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
